

MICROWEDDINGS AT TAMBO FARM 2025

ABOUT TAMBO FARM

The seeds for Tambo Farm were planted from a childhood dream by an animal lover who discovered she also enjoyed hosting and creating special experiences for people.

Originally a property that was devastated by bushfires, creating Tambo Farm was a labour of love supported by a lot of hard work. Today we're delighted to share the fruition of our dream with you.

Our 97 acre property is in Darraweit Guim on the edge of Victoria's Macedon Ranges. We're a working hobby farm with cattle and sheep and a small paddock we call our petting zoo with our friendly animal family who'll welcome your attention.

Our function centre, Tambo Shed, opened in April 2023, providing a private and unique space for weddings, bespoke events and celebrations.

We're a family business and work with a small passionate team who are devoted to providing all our guests with a personal experience.

We look forward to warmly welcoming you to Tambo Farm, and helping you create wonderful experiences and meaningful memories!
