ABOUT TAMBO FARM

The seeds for Tambo Farm were planted from a childhood dream by an animal lover who discovered she also enjoyed hosting and creating special experiences for people.

Originally a property that was devastated by bushfires, creating Tambo Farm was a labour of love supported by a lot of hard work. Today we're delighted to share the fruition of our dream with you.

Our 97 acre property is in Darraweit Guim on the edge of Victoria's Macedon Ranges. We're a working hobby farm with cattle and sheep and a small paddock we call our petting zoo with our friendly animal family who'll welcome your attention.

Our function centre, Tambo Shed, opened in April 2023, providing a private and unique space for weddings, bespoke events and celebrations.

We're a family business and work with a small passionate team who are devoted to providing all our guests with a personal experience.

We look forward to warmly welcoming you to Tambo Farm, and helping you create wonderful experiences and meaningful memories!

TAMBO SHED

Our function centre, Tambo Shed, has floor to ceiling windows, a polished concrete floor, and is filled with thoughtful touches that pay homage to our love for animals and life on the farm.

From reindeer antler (imitation) chandeliers and lights, a coat rack with hare hooks, to a crow holding a light globe in its beak, you'll find Tambo Shed warm and inviting as well as stylish and modern.

The room can be arranged to suit your preferences. We provide long trestle tables that each seat up to 12 people, white Americana chairs, wine barrels for standing areas and stools.

Tambo Shed is a versatile space that requires very little styling. If you do have a specific decorating idea in mind, you're welcome to bring it to life in Tambo Shed.

We're fully licenced and offer a bar and provide drinks and full service and event management. There's on-site parking for 55 cars.

We also offer luxury boutique accommodation, The Barn, and this can be added to your package, subject to availability.
